ROBBERS BREAK INTO A STORE

Between 1 And 3 O'Clock, the Confectionery Establishment And Waiting Room of E. E. Hileman Visited—Loss About $50

ENTRANCE BY SIDEWINDOW

Plenty of Edibles, Inclusive of a Boiled Ham, Tobacco And Cigars—No Money Is Secured — Runaway Boys Picked Up By Officer Ross

This morning between the hours of 1 and 3 o'clock, robbers broke into the confectionery store and waiting room of E. E. Hileman, First street and Fallowfield avenue, and stole goods, which Mr. Hileman estimates are valued at $50. Entrance was effected through a side window, on the darkened side of the building, and in this connection Mr. Hileman desires us to say that a light on this side of the structure, placed there by the street railways company, or the borough, would preclude or obviate greatly the chances for robbery, and annoyances to which he is subject.

The thieves secured a 10-pound boiled ham, a large quantity of cakes, ice cream, 500 cigarettes, buns, weiners, sandwiches, tobacco and cigars; and the chewing gum machine was lying on the floor, but Mr. Hileman was of the opinion that no money had been taken from it, but had not made a thorough examination, at the time of the penning of this article. No money was taken from the cash register, as it was open, and Mr. Hileman is not in the habit of leaving coin of the realm in the register.

The robbery was reported to the police, who are making investigation.

Officer Roma Ross, following instructions received by the Donora police, took from a street car at 1:10 yesterday morning, two alleged runaway boys, in the persons of George Wise and Yeager Wagenchasnski, both 13 years old, living in Donora. They were turnd over to Chief of Police Ready of Donora and the parole officer, Mr. McCune, and will be taken to the detention rooms at Washington today.

COAL BLUFF BOY IS MISSING

Leo Horwarth, aged 10, son of Mr. and Mrs. Steve Horwarth of Coal Bluff is strangely missing from his home, having disappeared at noon on Tuesday of last week. He stated he was going to school when he left home but he did not appear there. The school authorities report the lad had been playing "hookey" and that they were about to take the matter in hand.

It is supposed that the little fellow, hearing of the proposed action of the school board and fearing punishment, left home. He had been reported several times for "hopping" wagons and riding to neighboring towns and it is likely he is in hiding in this section. The parents of the boy fear for his safety and are conducting a search for him with the assistance of the police and any word regarding the lad should be addressed to the Monongahela police department or to his father, Steve Horwarth, Box 107, Coal Bluff, Pa.

LOCAL ATHLETES ARE OUT IN FRONT

Annex Another Basketball Championship—the Independent Championship of the Monongahela Valley—Local Teams Stand Out

DEFEAT 23 AGGREGATIONS

Conspicuous In Tournament Was the Grand Five Who Defeated the Washington Triangles—Grand Summary of the Contests Entered Into

Charleroi Athletes have annexed another basketball championship and are today sanding out in front in the basketball championship in the Monongahela Valley as leaders in the floor sport in this district.

After the local high school team had finished its season by winning the county championship and bringing the county High School cup to Charleroi the call was sent for an Independent championship series to take in all the basketball teams in a Tri-County championship series.

Accordingly teams from Washington county, Greene county and Westmoreland county were listed, also a team from West Virginia, known as the Wellsburg Triangles from West Virginia, for one big day, held under the supervision of J. Brady Marble, physical director of the Washington Y. M. C. A.

There were two Charleroi representatives among the teams from the three counties and one state and the Charleroi boys were out in front at all time, and when the finals came in Saturday night at 8 o'clock, the two local teams representing Charleroi were scheduled to play the finish fight of the day, and while one team from this city came out with the coveted championship the Major team was nosed out by only three points.

Twenty-three teams appeared for the competition which started at 8 o'clock Saturday morning and continued, practically without cessation until the final games were completed late Saturday night. Every section of Washington county was represented.

The class I games were played on the gymnasium floor of the Y. M. C. A., which fostered the tournament, while class II games were started on the Washington Armory floor. Semi-finals and finals were all played at the Y. M. C. A.

DEMOCRATS IN A TAX PROGRAM

Washington, April 7. — (United Press)—Senate Democrats put the [illegible] reduction program today.

While its details are being kept secret until the Republicans bring their bill out of the committee—probably tomorrow—this much of the Democratic plan is known.

1—It cuts the income taxes of the [illegible] less, even more than the bill passed by the House.

2—It adds little to the 37 1-2 percent maximum surtax adopted by the House, making it around forty percent as compared with twenty-five percent in the Mellon plan.

The Democratic substitute was drawn up by Senators Simmons, Pat Harrison, and King, minority members of the finance committee who took the amount Secretary Mellon said he needed—around $325,000,000—and redistributed the taxes in a manner they believe will provide more equal spreading of the tax burden.

THREE ARE INJURED IN AN ACCIDENT

DAY FIXED FOR THE REPORTS

Paris, April 7—(United Press)—Irritated by delays in submission of the experts' reports to the reparations commission, General Charles G. Dawes, chairman of Committee Number one fixed Wednesday as the day for delivery of the reports, barring unforseen mechanical difficulties.

Dawes presided over a session of the experts this morning, and told his associates bluntly that they must finish revamping and translating the reports today.

The American chairman was plainly annoyed extremely by the recent delays occasioned by adjusting the language of the French and English texts and kept the committee sitting long after the usual lunch hour.

Frank Walcezis, a coal miner, aged 20 years, of Black Diamond, was badly hurt when he was struck by a speeding automobile on the Donora-Monongahela highway yesterday morning.

The man, who is employed at Black Diamond, suffered a broken collar-bone and a severe injury to his hand when the front wheel passed over that member. Walcezis was walking along the road towards Black Diamond after visiting a brother at Victory Hill and the car approaching from behind struck him as he stepped into the middle of the road in walking around a puddle of water. Walcezis was thrown to the ground when the fender struck him and his shoulder and hand were injured by the wheel of the machine.

John Warner and son, James, of Courtney, were slightly injured yesterday afternoon when a Ford touring car which Mr. Warner was driving, crashed into a concrete culvert on the Library road, near Finleyville. Both occupants of the car were cut by flying glass from the broken windshield. Warner was removed to a library physician's office where he was treated. Three stitches were required to close a deep gash in his left cheek while a badly bruised shoulder also required attention. His son was cut about the face and hands. The car was proceeded along the Library road toward Finleyville when on a sharp curve the machine skidded to one side of the road. In an attempt to hold the car on the road Warner lost control of the steering apparatus and the car crashed into the culvert. The car was considerably damaged.

Still Not A Success; Man Blows It Up

One Theo Flamios, 1023 Morgan avenue, Monessen, tried out an improvised still at his home, but he is accused of blowing the same up; at any rate he is missing, and some kind of apparatus, explosive in its nature, did blow up at his home Saturday night, causing a big stir in the neighborhood where Flamios resides, and causing a fire to the house, the kitchen of which was damaged to the extent of $100, ere the flames were squelched by the firemen.

Evidence of a fine still were found, it is said, at the man's place previously, which was either confiscated, or destroyed, by the officers. It is alleged that Flamios experimented in improvised way, with the result that an explosion either intentionally, or unintentionally, occurred Saturday night. None was hurt by the explosion. The time of the explosion was 11 o'clock.

LOCAL PARISH GOES WELL "OVER THE TOP"

The Charleroi Catholic people responded with vigor and enthusiasm to the Educational campaign that was conducted in the Pittsburgh diocese last week coming to a close yesterday, according to the report made by the local solicitors. The local parish was given an allotment of $11,000 and they have exceeded this sum to the extent of $3,000.

The campaign was conducted by Bishop Boyle for the purpose of enlarging diocesan school facilities, and the aim is to raise $8,000,000. This amount is to be raised in cash during the next five years, and is to meet a budget extending over the same period for the building and maintenance of additional parochial schools.

There were forty men and women solicitors working in the local parish, captained by John Herrion and N. Minahan, who visited each member and secured from him a pledge that brought Charleroi's quota so high. A full report has not been turned in and there is no doubt that the sum raised will be even higher, when a final report is made.

This evening at 8 o'clock in the Synod hall, Pittsburgh, there will be a meeting of the diocese, at which time a general report will be heard [illegible] and all solicitors and team workers are invited to attend.

TWO "MARTYRS."

William T. Anderson, ex-superintendent of the Anti-Saloon League of New York, convicted of forgery, went to Sing Sing calling himself a martyr and lamenting that through the triumph of the wicked (including the court) prohibition itself had received a heavy blow. As a rule men on the way to prison, even murderers, are greeted with silence in which there is a measure of compassion. But everywhere Anderson was jeered, obviously because a pious fraud, stubbornly sticking to his pose, forfeits sympathy. His persistence in identifying himself and even his crooked-ness, with the cause he unworthily represented would hardly call for notice were it not that his attitude has been shared by some prohibitionists who in other connections are presumably not lacking in good sense.

Strange as it may seem, they appeared to think that in campaigning for Anderson, and in thus helping him to cover up his wrong doing, they were defending prohibition, and that when he was convicted and jailed injury was done the cause itself.

MALDANERS HAVE A GREAT SEASON

The Maldoner A. C. of C. H. S. finished the basketball season Friday night by defeating the strong Harmony Five of the Harmony Country Butter club, of Monessen. The game was a thriller to all the spectators and it looked as if the Harmony club would come out victors. It was not until the second half that the Maldaner A. C. finally broke up the harmonious work of their opponents and forged ahead, the final score being 38 to 11. Although E. B. F. T. R. S. Maldaner failed to appear in uniform the team did well. Coach Henry Maldaner also failed to appear and the team was sadly in need of some funny jokes to put the fight and pep into them. Coach Maldaner is a member of the High school faculty. He is commonly known among his fellow companions as "Cowboy," and is a graduate of Wisconsin University. He played substitute on the team there, and so had lots of time to learn all the fine points of the game. Friday night being the last appearance of his team on the floor he would like to claim the Junior championship of Western Pennsylvania and the surrounding territory. Friday's lineup:

COULDN'T SIDETRACK HENRY

Orator Brought In His Favorite Hero Even in an Address on Colic.

Rear Admiral John K. Robinson tells this story:

"Down in Virginia there was an old friend of mine who was very potent at after-dinner speaking. He had only one speech, in which he always glorified Patrick Henry, his own particular hero among the many Virginia has given.

"Some of his friends, perhaps a little bored at the oft-repeated story which always wound up in 'Give me liberty or give me death!' put up a job on him one night when he was called upon, without previous notice, to speak on the subject of horse colic.

"My friend was equal to the emergency. He arose and addressed the audience about as follows:

"'Gentlemen, this subject is one of much more importance than you believe. It affects the cost of transportation, the reliability of communication and it has a definite effect upon the cost of living. Horse colic consists of millions and millions of little microbes within the body of the horse, each crying out the words of the immortal Patrick Henry—'Give me liberty or give me death!'"—Philadelphia Public Ledger.

Seat of Empire Will Move Some Day.

It has been estimated that the British isles are overpopulated to the extent of fifteen million people. A million and a half draw unemployment doles. These figures imply that there is a great deal of poverty. The solution, or at least one of them, is emigration to the dominions. This strengthens the Anglo-Saxon element in these countries and at the same time provides the young countries with sorely needed farmers. Australia has been getting the bulk of this immigration so far, but Canada and South Africa are also in the market following the imperial conference in London. In Canada the government will give the newcomers 160 acres of land free and a loan to finance the first years pass certain agricultural tests.

Carpenters are again enlarging the Auditorium stage and also building two extra platforms to accommodate the large chorus of about sixty selected voices.

The costumes for the ladies have been designed by a committee from the Music club, while the costumes for the entire group of boys will be rented from the costumers. This fact alone will greatly improve the color effect and general appearance of the stage.

Sixteen boys will appear as soldiers and feature one of the main songs, "I Want to be a Soldier," sung by Mr. Pugsley.

A group of smaller children (sixty in number) will also appear in the song "Croon Silver Moon," which is sung by Miss Barth. This lullaby will be very effective and do not fail to see these sixty children, with lighted candles, bid good-night to the Princess.

MOWING.

When the young grass has been up for perhaps two weeks it is often best to roll it and defer the first cutting until the plants are about three inches tall. The new lawn should not be cropped too closely, but should be cut regularly. The grass will then be induced to spread out rather than grow tall. If cut weekly, the clippings should not be removed; they will be useful to protect the roots against the sun as well as to furnish an excellent mulch. If, however, the grass has grown long, the clippings should be raked and will be a good mulch for use about perennials in the borders.

ELECTIONS IN SUNNY ITALY

Rome, April 7—(United Press)—Premier Mussolini scored a tremendous triumph in Italy's national elections, his Facisti leaders today claiming forty per cent of the entire vote.

It is certain that the Fascisti polled more than twenty-five per cent of Sunday's total vote, thus ensuring them the election of a solid parliamentary majority of 356 delegates.

With the victory thus won, Fascism reaches a constitutional basis, and Mussolini is assured of remaining in power virtually indefinitely unless splits should eventually occur within his own party. Under the present parliamentary regime, the premier of Italy cannot be overthrown by minority opposition parties, but only by his own party. Mussolini arranged this before the elections.

The entire Facist organization was mobolized yesterday to get out the vote and to supervise the election. Wherever the result was in doubt, Fascist pressure was brought to bear warning the recipients that it was their duty to vote, were sent to everybody.

In some of the outlying districts, the rolling was conducted in the open, so that every voter might be encouraged to vote "right."

The result was hailed today as Fascism's greatest triumph.

MENIHAN ARCH-AID SHOES

Do the words "MENIHAN ARCH-AID" mean anything--Yet--in your Wardrobe?

IT took the women of America just so long to discover that Baking Powder was good for cooking, and that Face Powder was good for complexions—and by the same laws of logic it may take your home "just so long" to discover and know this famous shoe.

BUT once the introduction is complete—once a pair of ARCH-AIDS are allotted a place in your shoe racks—the spell will be broken, and so will the tie that binds you to tired, aching foot muscles and tired, aching style notes. MENIHAN ARCH-AID Shoes for Easter are making their first appearance on our shelves and in our windows. And this afternoon if you will come in, we promise a revelation in relief if you have suffered from pain—and a new sensation in style if you have suffered from sameness.

LOCAL ATHLETES ARE OUT IN FRONT

(Continued from First Page)

The Grand Five First team were defeated by the Washington Standards by a score of 30 to 27. At the end of the third Quarter the score was 24 to 17 in favor of Washington Standards and Charleroi boys knew that their reputation was at stake when they entered the last quarter with a determination that has always brought the bacon to the Magic City but the margin was too big to overcome and the local boys were three points to the bad when the final whistle ended the tournament.

The Grand Five First team was composed of Burnette of Brownsville High School, Bruce of the California Normal Hazelbaker, Sheppard and Johns of the Charleroi High School, and had as substitutes Schultz and West.

The first game scheduled was forfeited on account Cedar Grove Independents not being on the floor at the time specified.

The second game was between the Grand Five and the Hudson Team of Washington. The Hudson team started out like winners and led all the way until the fourth quarter when Burnette and Bruce by exceptional floor work scored the necessary field goals to overcome the lead after which they were never headed. The game ended by a score of 24 to 21 in favor of the grand five.

The third game of the series was between the Grand Five and the Cokeburg Coal Miners, in which the Grand Five started out in the lead and was never headed. The final score was Grand Five 29, Cokeburg 13.

The Final Game of the tournament was between the Grand Five and the Washington Standards of Washington, Pa.

This game 2 was the sensation of the tournament and decided the Junior Independent Basketball Championship. The Standards took the lead and at the end of the first quarter the score stood 7 to 4 in their favor and they continued to stay in the lead the half ending 17 to 7 in their favor. They won the third quarter easily and it was not until the last of the game that the Charleroi boys showed their real form when they came within three points of tying the score.

The game was featured by close guarding by both teams. The special features were the playing of Johns, Burnette and Sheppard.

The Grand Five Reserves strengthened by the presence of Harry Sichi of the Monessen High School team and Russell Hill of the Charleroi High school went into the series playing their first game at 4:10 with the Standard Reserves of Washington and winning out by a score of 23 to 15. Dillon featured in this game scoring four field goals and one foul. He was followed by "Jiggers" White, who was out in front with three field goals.

The second game of the day was between the Reserves and Troop 10 Boy Scouts of Washington, the local boys winning by the decisive score of 25 to 10. Sichi, the Monessen star came to life in this game. He scored five field goals and five fouls out of seven chances. He was easily the star of the game He was ably supported by Bobby Rickard.

The third and final game of elimination was between the Grand Reserves and Washington Triangles who early in the day had defeated the H. T. A. C. of Charleroi and the Unknown Five of Canonsburg. Also the Monessen Ranger Jr's The final game between the second class teams were scheduled to be played off at 8 o'clock and was started promptly on time. Referee McCollough called the two teams to the floor and explained the rules of the meet to them after which he engineered the game in a most fair and impartial manner. The Grand Reserves started right off at the bell and at the end of the first Quarter the score was 12 to 5 in their favor. The Triangles took new life at the start of the second quarter and shot the score up to 21 to 19, only two points in the rear.

The Grand Five led again in the third quarter by a score of 28 to 25 and in the final round there was excitement galore when after eight minutes of play the Triangles by a wonderful burst of speed tied the score at 33 to 33. It was a most critical point in deciding the championship and it was here that "Jiggers" White and Harry Sichi stood out in front, in their floor work when Sichi scored two straight field goals followed by one by Porter of the Triangles and another by Sichi which ended the game and gave the independent championship to the Grand Five of Charleroi by a score of 41 to 35.

The outstanding star for the three games of the first team was "Skikes" four fouls.

The star of the Reserves team was Sichi, he scoring fourteen field goals and twelve fouls, a total of 40 points.

Much credit is due to Messrs. Urben and Albright for the manner in which they have conducted the basketball teams and in whim it was responsible for bringing about the championship to Charleroi Manager Jennings is to be congratulated for his success in the handling of the two teams throughout the tournament.

A MAN LOSES HIS MACHINE

Prof. and Mrs. Thomas L. Pollock and daughter, Eleanor, visited Mr. and Mrs. Thomas A. Copeland and family of Monessen yesterday. Mr. Copeland is trainmaster of the Pittsburgh and Lake Erie Railroad company at Monessen.

After spending the day in Monessen, Mr. Copeland and family, with their Nash Green touring automobile, Pennsylvania license 495-495, and model 1920, brought the Charleroi educator, Mrs. Pollock, and daughter, to their home at 703 Fifth street. This was about 10:30 o'clock last night. Intending to remain in the Pollock home but a few minutes, Mr. Copeland left his machine parked in front of the educator's home, but when the family were ready to return the machine was missing.

The matter was reported to the officers of the law here, at Monessen, and other points, and efforts are being made to recover the car.

Lilly, Pa., April 7.—(United Press).—State police today were in control of Lilly, following a gun battle and street fight Saturday night between members of the Ku Klux Klan and townfolk in which two men were killed and a score injured.

The riot started when a group of young men turned a fire hose on more than 500 Klansmen who were marching to the railroad station after holding a ceremony on Piper Hill.

The townsfolk, more than one thousand, who had gathered at the railroad station to watch the unusual parade, attempted to defend themselves but were shoved aside and trampled underfoot by the Klansmen, who rushed to a special train that was waiting to carry them to their homes in Johnstown.

Four men of Lilly, believed to have been the ring-leaders in the riot, are under arrest today and are being held for questioning. State troopers made the arrests after an investigation.

Inhabitants of Lilly—a little mining town of 2,500—today were grief-stricken and awed by the tragedy.

Fifteen of the townspeople injured in the battle are in hospitals at Altoona and Johnstown. A like number of men are at their homes nursing lacerations and bruises.

The fate of Philip Conrad was unusually pathetic. Today would have been the young man's 25th birthday. His mother had baked Philip a birthday cake and was putting on the icing just about the time Conrad was shot.

Harrisburg, April 7. — Governor Pinchot today through every agency at his command was investigating the alleged Ku Klux Klan riot at Lilly Saturday night, which cost the lives of two men.

Twelve state police from Troop A, Greensburg, were at Lilly under orders of Major Lynn G. Adams, superintendent of state police.

Governor Pinchot, although he had no comment to make, said he was keeping in close touch with the situation.

Action by the state is not expected unless there are further disorders.

"The matter is now in the hands of local authorities," Attorney General George W. Woodruff said today, "but Governor Pinchot will of course keep informed of developments through every agency at his command."

The governor's future course, Woodruff said, will depend upon reports of actual conditions which he receives from Major Adams.

"Sedentary work," said the lecturer, "tends to lessen the endurance."

"In other words," butted in the smart student, "the more one sits the less one can stand."

"Exactly," retorted the lecturer, "and if one lies a great deal one's standing is lost completely."

"You've been out with worse-looking fellows than I am, haven't you?"

(No answer.)

"I say, you've been out with worse-looking fellows than I, haven't you?"

TRIAL OF CONVICTS IS POSTPONED

Pittsburgh, April 7. — (United Press).—Trial of the Western Penitentiary convicts who are being held on charges of murder growing out of the slaying of two guards of the prison last February, was postponed today because the defendants had no counsel to defend them.

The court immediately took steps to have the counsel appointed. After the appointment of the counsel the attorney for the convicts will be given at least ten days to study the case and it is not likely that trial will open until the latter part of next week.
